PROFESSIONAL PROFILE

Digital Technologies graduate specialising in Cyber Security, with hands-on experience supporting users as a volunteer IT Technician at Global Banking School. Confident assisting with hardware, software, Microsoft 365, printers, and everyday technical issues, while maintaining a calm and customer-focused approach. Over eight years of experience in operational environments has developed strong problem-solving, communication, training, and auditing skills, as well as the ability to work accurately under pressure. Currently strengthening technical knowledge through Correlation One's IT Computer Support Specialist programme.

TECHNICAL & TRANSFERABLE SKILLS

End-user support

Hardware and software troubleshooting; clear guidance for users

Systems

Windows; Microsoft 365; PCs, laptops and printers

IT foundations

Basic networking, operating systems, security and cloud concepts

Service skills

Communication, active listening, customer care, and patience

Operations

Issue resolution, data accuracy, auditing, prioritisation, and teamwork

Development and Collaboration Tools

Git, GitHub, Visual Studio Code, Trello and Asana; Agile practices

RELEVANT EXPERIENCE

IT Technician (Volunteer) | Global Banking School - UK

Mar 2025 - Apr 2025

- Provided face-to-face technical support to students and staff, listening carefully to issues and explaining solutions clearly.
- Assisted with everyday hardware and software problems across PCs, laptops and printers, escalating issues when appropriate.
- Supported users with Microsoft 365 and document-related tasks, including Word, PowerPoint, printing, and online submissions.
- Applied basic network troubleshooting and followed security, privacy and data-handling good practice.

TECHNICAL PROJECTS

Web Development Projects | OpenClassrooms

2023 - Present

- Completed frontend and full-stack projects using HTML, CSS, JavaScript, Vue.js, Node.js, Express, MySQL, MongoDB, Git and GitHub.
- Developed an employee social network with account creation, authentication, profiles, posts, image uploads, likes and comments.
- Worked to project deadlines using an Agile approach, managing tasks through Asana, tracking code changes with Git, and resolving frontend, backend and database issues.

EMPLOYMENT HISTORY

Warehouse Operative / Instructor / Problem Solver | Amazon - UK

Oct 2017 - Present

- Resolved order discrepancies, system errors, and workflow issues in real time, investigating causes and taking accurate corrective action.
- Led onboarding and cross-training for new colleagues, adapting explanations to different learning needs, and checking understanding.
- Conducted quality and process audits, maintained accurate records, and identified areas requiring further training or improvement.
- Worked with ICQA, colleagues and management to address operational issues, stakeholder needs, and performance targets.
- Remain calm and accurate in a high-volume environment while prioritising tasks and meeting strict deadlines.

EDUCATION & PROFESSIONAL DEVELOPMENT

IT Computer Support Specialist | Correlation One

Aug 2026 - Present

Current programme covering core computer support concepts and practical preparation for entry-level IT support work.

HND in Digital Technologies (Cyber Security) - Merit | Global Banking School
